FEELING LUCKY
INTERACTIVE SHADOW BOX

Instructions

1

Step 1: Cut out your clovers.

2

Step 2: Fold each clover leaf in half to help create a 3D effect.

3

Step 3: Roll the top of each clover leaf around a thick pen or pencil to complete the 3D effect.

4

Step 4: Open shadow box and place completed clovers inside. Be sure to delicately separate clovers before closing the back.

5

Step 5: Place one "lucky" sticker on a green paper heart. Glue the heart to the top right, front corner of your shadow box.

6

Step 6: Place second "lucky" sticker in lower left corner on the front of the shadow box.

CONGRATULATIONS! You now have a fun, interactive decoration. Place it somewhere visible and invite friends and family to find the lucky four-leaf clover hidden inside.
