Scrubbing Pad PUMPKINS

Available while supplies last

INSTRUCTIONS

STEP 1:

Fluff up your "pumpkin" scrubbing pad.

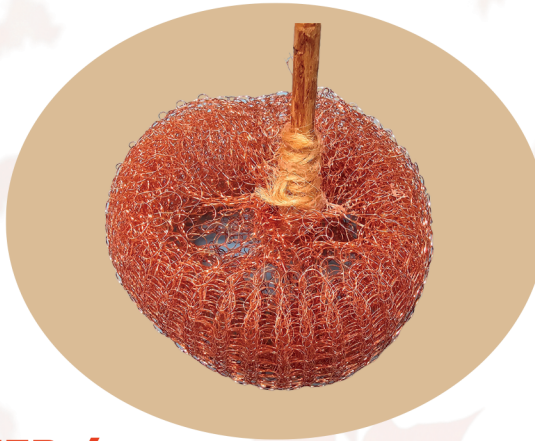

STEP 2:

Trim your wood stick in half. Glue one half of your stick to the center of each scrubbing pad.

STEP 3:

Twist and glue twine around the base of the sticks.

STEP 4:

Wrap wire around the base of a thin paint brush or pencil to create a curly vine. Remove curled wire from base. Repeat for second wire.

STEP 5:

Bend curled wire in half and twist around the stem. Repeat for second pumpkin.

STEP 6:

Trace multiple leaves on felt with a pencil and cut them or cut free hand. Glue several leaves to each pumpkin, overlaying some to create a more natural effect.
