Librarian's Report

Review of statistics

The Library East Entrance Door is fixed. A new door opener operator was installed and is now working as it should!

The Library's upper story is painted and the ceiling is the only part of the project left to do. The painters are looking for a lift that can go higher than 32 feet. This fiscal year's lighting project is done and we received a quote for the lights that are left to be converted for next fiscal year. These are the last two capital projects for this fiscal year.

We received notification that the Perry Public Library is going to receive a Dallas County Foundation grant for \$9,770. The balance of the cost of the new seating was put into the Library Capital requests for FY 2023-2024. The 2023 Annual Grant Awards Ceremony Reception is at the Redfield Legion Hall, 1116 Thomas Street, Redfield, IA 50233 - on **April 25 from 5-6 pm**. The chairs that are being replaced are 17 years old and have fabric upholstered. They will be replaced with high-end vinyl (leather look) that can be wiped down.

The Beam Projector is here and is waiting to be installed. From their website, "BEAM is an interactive projector game system that makes entertainment lively, hygienic, educational, and above all, a ton of fun. The large screen created by the interactive floor projector provides endless opportunities for exercise and vigorous physical activity. The play platform offers a varied range of motion-activated games that engage the whole body. The activities provided by the floor projector are meant to be shared by kids and people of all ages. Most games are inherently social, allowing two or more players to interact with the projection and each other in exciting and fun ways. The interactive floor projector is a hassle-free way to entertain -- all you need is a flat surface and some motivated players! There are no toys to wash, no boards to fold up, no balls to clean, no rackets or bats that can hit other players."

A Bock grant was submitted requesting \$2,000 to help with funding KidsFest 2023. The event has been planned and all vendors have been contracted. Tyson Fresh Meats will be donating the pork loins, Hy-Vee will donate all the hamburger and hot dog buns, Fareway will be donating bottles of water. It is scheduled for June 3, 2023, from 10:30 am to 1:30 pm.

An IDPH Community Grant was approved for the following projects:

ISU Extension and Outreach Classes - Children's Garden with raised beds - \$600 (Library)

ISU Extension and Outreach Classes - Raised Beds and Growing Vegetables - \$700 (Library)

Beam Projector - \$8,500 (Library)

Bottle Filler Stations - \$8,000 (Parks and Recreation)

Walking Club - \$3,000 (Library and Parks and Recreation)

Healthy Eating Cooking Demos & Taste Testing (Fresh Conversations and PACES Outreach) - \$4,200 (Library and PACES)

Perry Rotary Inclusive Playground - \$5,000 (Perry Rotary)

For a total of \$30,000 in Calendar Year 2023 Funding.

An Iowa STEM grant application was filled out and submitted on February 28, 2023 for STEM components (an \$8,500 value) to be used in STEM programming. We received notification on Friday, April 7th that we will receive this supply of STEM components in the Fall of 2023. However, the letter stated that full funding also depends on State of Iowa funding of the program.

The new board book browsing bin was delivered Wednesday, April 5 and placed in the Toddler section of the library. The browsing bin is a memorial donation to the library in memory of Darlene Myers by her family.

'National Library Week 2023, April 23-29, will be celebrated with the theme "There's More to the Story." Libraries are full of stories in a variety of formats from picture books to large print, audiobooks to ebooks, and more. But there's so much more to the story. Libraries of Things lend items like museum passes, games, musical instruments, and tools. Library programming brings communities together for entertainment, education, and connection through book clubs, storytimes, movie nights, crafting classes, and lectures. Library infrastructure advances communities, providing internet and technology access, literacy skills, and support for businesses, job seekers, and entrepreneurs. National Library Week 2023 will be a great time to tell your library's multi-faceted story.' ALA Website

We received the Bock Grant of \$2,000 for the KidsFest 2023 on April 24th. The plans are being finalized. All Perry residents with water bills should have received a promotional flyer in their May bill. This event will include the foam blaster that was very popular last year, the bubbles stations, STEM IOTV trailer, STEM hands on discovery stations, a dunk tank, and new cone interactive station, as well the the petting zoo and HUP's Loteria, and Dallas County Health Department's Hopscotch. The Fire Department will again cook lunch consisting of a pork loin sandwich or hot dog with a bag of chips, a bottle of water, and granola bar or cookie – all for \$1.

We received the Dallas County Foundation grant for \$9,770. The balance of the cost of the new seating was put into the Library Capital requests for FY 2023-2024. We were able to sign the quote for the chairs with the down payment of \$9,770. The sample of different colors of the upholstery will be coming next week.

The Beam Projector is here. We are still waiting on an install date to be scheduled. From their website, "BEAM is an interactive projector game system that makes entertainment lively, hygienic, educational, and above all, a ton of fun. The large screen created by the interactive floor projector provides endless opportunities for exercise and vigorous physical activity. The play platform offers a varied range of motion-activated games that engage the whole body. The activities provided by the floor projector are meant to be shared by kids and people of all ages. Most games are inherently social, allowing two or more players to interact with the projection and each other in exciting and fun ways. The interactive floor projector is a hassle-free way to entertain -- all you need is a flat surface and some motivated players! There are no toys to wash, no boards to fold up, no balls to clean, no rackets or bats that can hit other players."

An IDPH Community Grant was approved for the following projects:

ISU Extension and Outreach Classes - Children's Garden with raised beds - \$600 (Library)

ISU Extension and Outreach Classes - Raised Beds and Growing Vegetables - \$700 (Library)

An Iowa STEM grant application was filled out and submitted on February 28, 2023 for STEM components (an \$8,500 value) to be used in STEM programming. We received notification on Friday, April 7th that we will receive this supply of STEM components in the Fall of 2023. However, the letter stated that full funding also depends on State of Iowa funding of the program.
